UI REGRESSION ROOT CAUSE ANALYSIS

# Clara AI Platform

A production audit of the self-hosted Docker deployment at clara.ai.amazetechclans.com, tracing a site-wide layout collapse to the Tailwind CSS v3 to v4 and Next.js 15 to 16 dependency migration on the feature/ai-core-from-doable-source branch. Verified root cause, live-site evidence, blast radius, and a proven fix.

## Platform Engineering Review

Dependency Migration Audit · Branch feature/ai-core-from-doable-source
